

Multicolor Door/Corridor Lamp

Art.: ERTH0006M

Multicolor door/corridor lamp

Description

What is a Multicolor Door/Corridor Lamp?

The Multicolor Door/Corridor Lamp is a multicolor LED indicator designed for use in healthcare environments. It has 4 light sections, each lighted by LED capable of producing 7 colors. Mounted outside patient rooms or in corridors it visually signals room status (e.g., call active, emergency, assistance needed) based on the NurseCare system inputs using different colored lights. It enhances situational awareness in hallways and ensures efficient staff response.

Features

- 4 light sections
- LED indication of status, capable of producing 7 colors (Red / Blue / Green / White / Orange / Yellow / Pink).
- Low power consumption.

- Integrates with NurseCare terminals.

Benefits

- **Clear Visual Signals:** Allows quick recognition of room status and required actions.
- **Efficient Workflow:** Staff can prioritize responses based on lamp color.
- **Easy Maintenance:** Minimal servicing required; durable housing.
- **Discreet Design:** Modern look blends into hospital environments.

Best Settings

- General Wards.
- ICUs.
- Emergency Departments.
- Post-Operative Care.
- Pediatric & Neonatal Units.

Technical specification

Power supply

- 24VDC
