

PoE Switch 10 port

Art.: ERTH0060

Description:

PoE Switch for connecting 8 external IP devices

Technical specification:

- 10/100M, 24V
- Supports 8 PoE outputs with 2 uplink ports
- Adjustable voltage
- Automatic powering option
- Supports PoE IEEE 802.3af
- Supports extended function, max 250m distance
- Supports VLAN
- Adapter for internal powering
- Compliant with CE certification requirements

Power consumption:

- 200W
